### NHS Dentists

If you would like routine NHS dental treatment please check NHS choices at [www.nhs.uk](http://www.nhs.uk) to see which Bolton dentists are accepting NHS patients or contact your local dentist and ask about their arrangements to see new patients. Alternatively, the PALS team will be able to advise patients on dentist's status when internet access is not available. Contact: 01204 462701

If you already have a regular dentist you should contact them when you need urgent or emergency treatment. You should only contact the services above if your own dentist is unable to assist.
